RETROSPEKTIVA UMĚNÍ V ARTGENU | THE RETROSPECTIVE OF ART IN THE ARTGEN

Průlet kulturními akcemi a výstavami od počátku vzniku budov Art a Gen. Prohlédněte si vše, co jsme pro vás připravili za poslední čtyři roky.

A flight through the cultural events and exhibitions since the Art and Gen buildings were built. Have a look at everything that we have prepared for you in the last four years.

DESIGN FACTORY

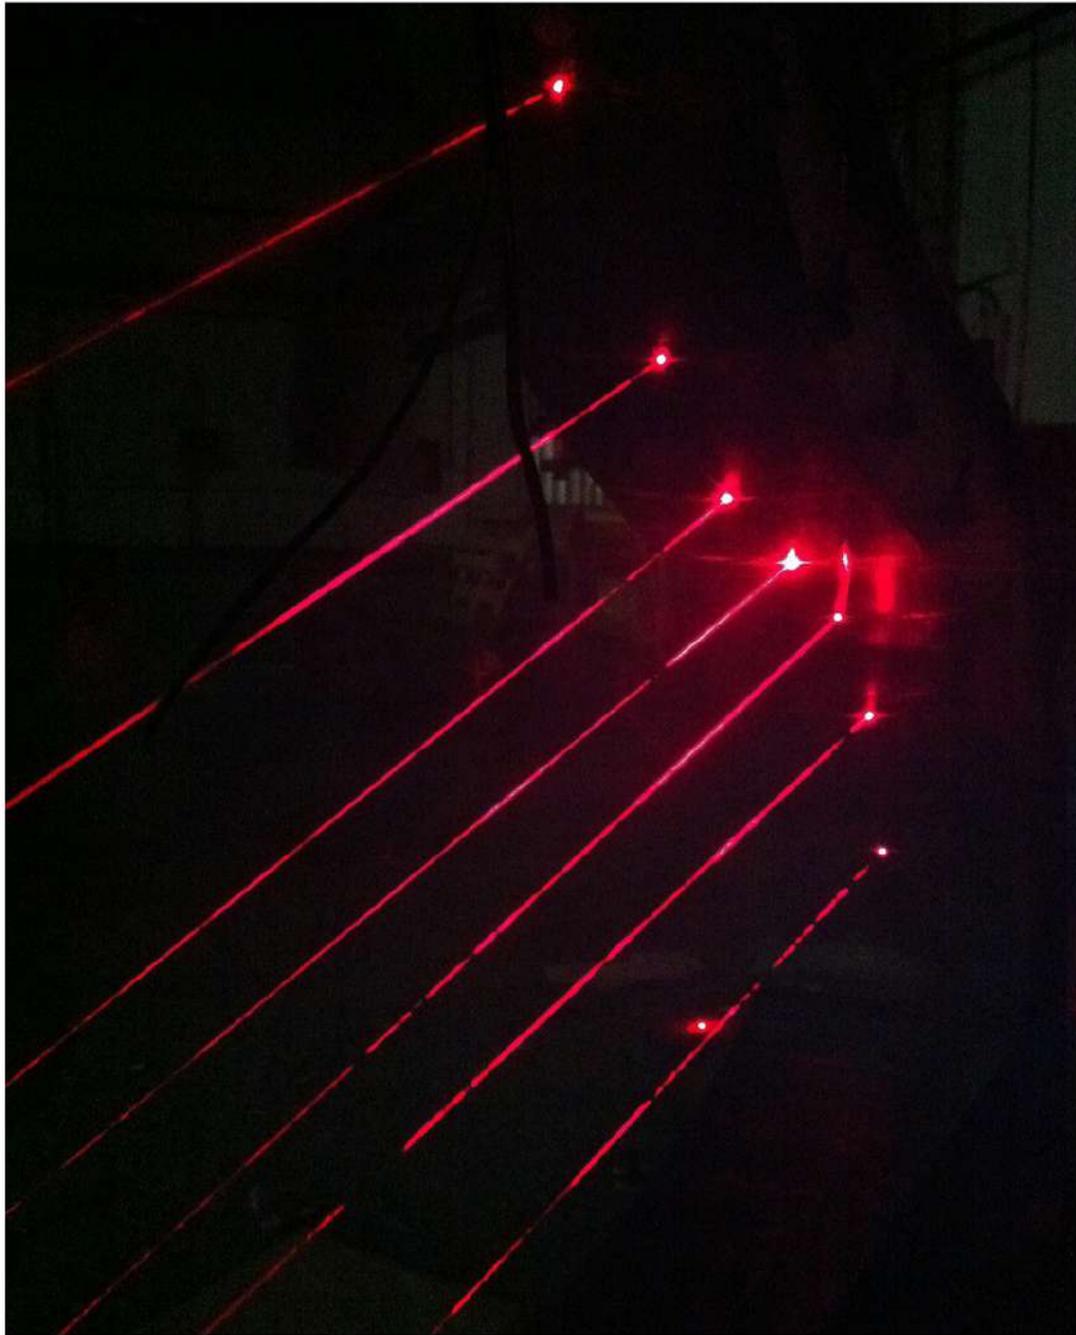

HARP

Brand new and original combinations of laser technologies with invisible strings were used in creation of this industrial musical sculpture. Thanks to these, metal can resound with music at honour to past halls of ČKD, where we stand right now.

INVISIBLE
STRINGS

METALOFON

TRUMPET PUMP

Air piston of an industrial musical sculpture is blowing the air into pipes of a trumpet by manual pump. Four tones are controlled by handrails of the pump.

Industrial tree overgrown with bells made from welding, air and gas bottles. Basic chime is attuned to EFGAHCDE.

Vous êtes cordialement invités

Invitation

à la présentation du **Mur de la Liberté & de l'Énergie**
 le jeudi **20 octobre 2022** à 17h00
 sur la Place du Panthéon à Paris

27 artistes des pays de l'Union européenne et deux invités venant d'Ukraine et de Norvège ont donné naissance à une création originale sur le Mur Lennon à Prague – un symbole de liberté pour la République tchèque. L'œuvre a été immortalisée et imprimée sur un mur gonflable de la même taille, c'est-à-dire 35 x 5 m.

Ce projet, spécialement conçu à l'occasion de la Présidence tchèque du Conseil de l'Union européenne est dirigé par le graphiste et conservateur tchèque Pavel Stránský.

Cette œuvre est présentée pour la première fois à Strasbourg et à Paris comme un hommage à l'Europe.
